ON Last Thursday AUGUST 4, 2022 I Attempted to  
ENGAGE A White Female presumably "MAUVE" (NO ID ON)  
About the problem of the "Dental Soft tray!"

This Witch Feigned Ignorance and deflected by  
Shrugging the Shoulders and ordered me to "just sign  
it" in a Obviously dismissive tone.

This dumb person Stated twice "I dunno"  
"I'll Ask them" but never stating who they-them  
ARE.

ON today Thursday AUG 11 2022 A Lone C/O W/M  
brought the Dental supplies to the cell. The Witch had  
Not sent A message nor Acknowledgement via the  
Lone officer which only confirmed my previous Assess-  
ment of the Liars' Nonchalance A Week Ago.

My first inclination Last Thursday was to Call this  
Witch A "Liar" but I didn't out of wisdom and to give  
It A chance to redeem it self. Okay, I waited. And my  
First mind was proven accurate. This is not the first, or  
even third time, this Witch has Lied to me about A  
Legitimate inquiry and it surely won't be the last.
